Didsbury Brings in Kalbfleisch

Extra good brand of fall by the local boys resulted in their returning home with the cup from the Three Hills tournament Wednesday last. In the first game Didsbury got an 8-5 win over Delburne. Goocher pitched a fine game and went the round, holding his opponents to three runs. The feature of the game was the heavy hitting by the local boys, every man being able to connect.

After ten minutes rest, Goocher again took the mound against Iricana and pitched three innings when the score was 3-2 in favor of Didsbury and he was replaced by Percy Page. Didsbury kept the lead to the seventh when the score was 11-4. In the last of the seventh Iricana found Page and eluded him for five runs when it became too dark to play. The game was called with the score tied at 9-9 and a toss-up was made to decide who should take home the cup, Didsbury winning. The final play-off takes place at Crossfield Friday, 6:15 p.m.

Govt. Crop Report.

Issued by Department of Agriculture, Province of Alberta, Edmonton, July 26th, 1931.

Excellent crop conditions prevail in the north central and northern parts of the province. In the south-western area rain is needed. All grain crops are in a satisfactory condition in the district from Calgary to McLeod. Continued drought has resulted in almost a total failure of wheat sown on spring plowing in the south-eastern part of the province. Crops sown on summer-fallow in this area are also light. Ninety per cent of the wheat is in head and early varieties are already coloring.

The hot weather of the past few days is forcing rapid growth and has done much to hasten maturity in the area east and west of Edmonton where growth is rank and ripening somewhat later than usual. Farther south where wind damage was serious in the early part of the season, stands are thin, but making excellent progress as a result of heavy rains. East of Dranheimer the feed situation has improved considerably, but grain yields will be light.

Several small areas have suffered hail damage, but loss from this cause has not been serious. Pastures throughout the province are generally good and livestock is in first-class condition.

Interesting Lecture At Legion Meeting

At the monthly meeting of the Didsbury Empire Service Legion, Cor. Le H. C. Liesemer gave an interesting lecture to the members on the "Great Pyramid Prophecy" illustrated by maps of the pyramid at Gizeh. He pointed out that the pyramid was designed to be an astronomical time chart and among other prophecies mentioned that the world was passing through a period of tribulation extending from the night of August 5th, A.D. 1914 to the nights of November 10th-11th, A.D. 1918, the period of Britain's participation in the Great War. The lecture was greatly enjoyed and a vote of thanks was carried for Comrade Liesemer's interesting and instructive subject.

Obituary.

ADAM

Catherine Mills Heron Adam was born at Kelso, Scotland, May 12th, 1843 and departed this life from the home of her son, James Adam, Didsbury, Alberta, July 26th, 1931 at the age of 88 years, 2 months and 10 days.

At the age of 18 years deceased came to Ontario; in 1870 she was united in marriage to Robert Adam, of which union four children were born, only one of whom survives to mourn the loss of this good mother.

After thirteen years of married life in Ontario, Mr. and Mrs. Adam moved to Michigan where they lived till 1900 at which time they came to Alberta, taking up a homestead near Didsbury where she lived with her husband until he died, about fifteen years ago. Since then she lived with her son, James Adam.

Mrs. Adam was converted at a revival in Ontario and united with the Presbyterian Church in Michigan, transferring her membership to Didsbury upon coming there to live.

The death of "Grandma Adam" marks the passing of one of Didsbury's oldest pioneers. Besides her son, James, she leaves seven grandchildren, six great grandchildren and many other relatives and friends who will sadly miss her from their midst.

The funeral service was conducted by Rev. C. J. Hallman, burial being made in Didsbury Cemetery.

Coming Events

U.F.A. Constitution Association Convention at Kivier Lake, Thurs. August 6th, 10 a.m. Delegates are requested to procure their credentials from the secretary. The meeting is open to all members.

LOCAL & GENERAL

Evening and sermon at St. Cyprian's Church, Sunday, 3 p.m. Messrs. E. N. Boettger and W. H. Boettger were Calgary visitors Saturday last.

Messrs. J. V. Berscht and Frank Kaufman who have been on a visit to the east, returned home Tuesday. They motored here from Ontario.

Mr. and Mrs. J. S. McCloy and Mr. and Mrs. Jas. Cathiness and family enjoyed their vacation in the Banff National Park last week.

Dr. Malmes and family, of Camrose were renewing acquaintances here Monday on their return from a motor trip to Montana.

Mr. and Mrs. Wm. H. Boettger and family, of Telford were visitors at the home of Mr. and Mrs. E. N. Boettger Thursday last.

Baseball! Final game for Kalbfleisch Cup Friday evening at Crossfield, 6:15 p.m., Iricana vs. Didsbury. The best game of the season, come and shout for the boys.

At the Zion Evangelical Church Rev. H. J. Wood will take for his subjects: Morning at 11 o'clock "The source of sin"; evening service at 7:30, "Jesus tempted."

Mrs. Morgan Cressman, Mr. Bert Cressman, Miss Z. Cressman and Miss Grace Hunsperger attended the funeral of Mrs. Mills Cressman at Staveland on Saturday.

Lon Cheneay's big feature talking picture "The Unholy Three," will be presented at the Opera House, both Monday and Thursday of next week. An outstanding picture at the regular price: 25c to everybody.

Football! The local "soccer" boys solicit your support in the cup game at Bowden, Saturday, 7 p.m. Team leaves Pioneer Office 6 p.m. All players to be present not later than 5:45 p.m. Come and shout for Didsbury.

A double-header baseball game between Calgary Oldsobile and Didsbury will be played on the local diamond Wednesday evening next. Oldsobile have a real line-up, but the locals will give them a run for their money.

Mr. and Mrs. C. A. Nicholas and daughter Aberta and Mr. W. H. Nicholas, of Emporia, Kansas, are visiting Mrs. Nicholas's parents, Mr. and Mrs. Fred Lum and other relatives. They motored here, making the trip in five days.

Mr. Baron Gage, of Oyen who has been engaged by Roger Barrett as Ford expert arrived last week end and is now on the job. He comes here with the recommendations of Ford Motors service dept and two former Ford employees.

A fire in a straw stack threatened the buildings on C. D. Carver's place last week. Only the prompt action of neighbors who gathered there in force prevented destruction of both house and barns. Mr. Carver is very thankful to them for their ready help.

Splendid Exhibition of Stock at the Fair.

Over 400 Entries of Livestock and Poultry at the Most Successful Exhibition Held Here.

Didsbury Fair proved itself to be bigger and better than any fair held in the past is the statement made by the management. There have been larger crowds, but the number and quality of the exhibits have never been equalled. There were over 200 more entries than last year, the most notable increase being in entries of livestock.

The number of entries in the different classes were: Horses, 32; Cattle, 174; Hogs, 55; Sheep, 47; Poultry, 95; Grains & Grasses, 51; Ropes & Vegetables, 48; Domestic Science, 164; Pickles & Preserves, 58; Fancywork, Painting, etc., 275.

The following were the Government Judges of livestock: Heavy Horses: Mr. W. W. Miller, Carmangay; Light Horses: Mr. Bob Thomson, Livestock Superintendent of Calgary Exhibition; Best Cattle: Mr. Richard Knight, Calgary; Dairy Cattle & Hogs: Mr. Jas. Bowden, Lacombe.

The judges were all very much impressed with both quality and quantity of the livestock exhibits and Mr. Thomson stated that in all his experience of judging in Alberta he had not seen so good an exhibition at any fair outside the Class A circuit. The judges were also well pleased with the interest taken in the livestock by the people attending, there being a crowd around both show rings during the judging.

The exhibits in the exhibition building were up to standard and some beautiful pieces were seen on the fancywork table. In the domestic science, while entries were not quite as large as in some previous years, the classes were well filled.

In spite of the lateness of the

season the roots and vegetables class brought out some very good exhibits, one judge remarking that the quality of vegetables was superior to those exhibited at Edmonton.

The Races:

The following were winners in the horse races:

14.2 Half Mile Local: 1st, Fulkerth's "Jiggs." 2nd, Fulkerth's "Maggie." 14.3 Half Mile open: 1st, Pielt. 2nd, Konechuh. 1 Mile Open Run: 1st, Pielt's "So Smart." 2nd, Pielt's "Alberta Lad." 3rd, Haven's "Doctor."

In the relay there were three entries, one of which failed to make the first lap. On re-saddling the saddle came loose on Pielt's horse and the rider was thrown. Graham, of Olds was the only one to finish.

There were three entries in the harness races and Sinclair won all the heats, the standings being:

1st heat: 1, Sinclair, 2, Burrill, 3, Weigand. 2nd heat: 1, Sinclair, 2, Burrill, 3, Weigand. 3rd heat: 1, Sinclair, 2, Weigand, 3, Burrill.

After the races an exhibition of jumping was given by two of W. J. Fulkerth's horses.

Baseball:

In the evening the Didsbury boys beat Three Hills by a score of 9-8. Hube Goocher pitched a fine game, but received poor support from his infield and the visitors made four or five runs on errors.

Evangelical services will be held at the Waterloo Memorial Church from July 28th to August 6th. Mr. B. B. King, the evangelist, has been a missionary at Fort Wayne, Indiana, for twenty-six years. Services at 8 o'clock each evening. Everybody welcome.

Nationalism vs. Internationalism

This old world is in a state of confusion worse confounded. Everywhere acute problems of one kind or another demand solutions. And almost everybody has some pet theory or plan to advance as a sure cure-all, but upon analysis they are found to be impractical and more likely than not to create greater problems and difficulties rather than solve existing ones. People's thinking appears to be muddled.

Like hundreds of others, the writer of this column has for months past been reading reports of debates in various parliaments, speeches and interviews by public men, by economists, by financiers, by transportation executives, resolutions by the hundreds passed by political conventions, farmers' meetings, manufacturers' bodies, church assemblies, and what not. He has read voluminous articles on Russia's "Five-Year Plan," on banking and currency, on trade and tariffs, on unemployment and unemployment insurance, over-production and under-consumption, war debts and war reparations.

And with what result? Just this, and it is passed on to the readers of this column for what it is worth. The conclusion reached is that the world is at war today just as truly as it was during the years 1914-1918, and that all people are suffering because of this warfare just as they suffered in the years mentioned. The war of today is not between opposing armies and navies, but between two sharply antagonistic ideas, an acute nationalism on the one hand and a reaching out for an acceptance of the true concept of internationalism on the other hand.

Following the Great War, the statesmen of the world attempted to promote and make realistic of two great ideas, one, the right of self-determination by races and small nations; two, the creation of a League of Nations. Both of these ideals are good, but either carried to an extreme is destructive of the other.

In order to provide for the first, self-determination, numerous small nations were brought into being in Europe. They immediately set to work to fan the flame of nationalism as essential to their continued existence and development, and the fanning of such flames was comparatively easy following four war years of nationalistic appeals to people in all lands. The inevitable result was the setting up of barriers of various kinds along all frontier lines, all with the idea of building up a nation apart from other nations.

Coupled with this development was the effort made in the opposite direction, the creation of a League of Nations to draw all nations closer together, to preach the doctrine and drive home the lesson taught by the Great War that no nation can live units alone, that interdependence rather than isolation and antagonism is essential to the wellbeing of the human family.

Unfortunately, the appeal to a narrow nationalism found a readier response. The masses of the people understood such an appeal. They had been fed on it for countless centuries and as a result were imbued with prejudices and passions not easily dispelled. Selfish interested parties and individuals utilized this nationalistic appeal to their own advantage. The result, a world presently given over to the most insane forms of nationalism. World trade, the exchange of commodities between nations, is curtailed and restricted by tariff walls higher than ever before known; restrictive laws are rigidly enforced prohibiting the people of one country to enter another, with the result that the unpopulated areas of the world remain unpopulated and unproductive while teeming millions are coupled up in restricted areas with no outlet; producers in one country cannot find customers for their surplus products, while consumers in other countries lack even the essentials of a bare existence.

Faced with such a condition, a condition everywhere recognized, the nations of the world instead of getting together and mutually agreeing in the interests of all to abandon this extreme nationalism, remove their restrictions and destroy their barriers, and thus allow natural laws to freely operate, are actuated by fear that some one nation may thereby gain an advantage over some other nation. So all continue to suffer, and the situation grows worse because in the ensuing struggle every new restrictive act by one country is met by a counter restrictive act by other countries.

So long as such a condition prevails, it is idle to talk of reduction in armaments, because physical warfare is the ultimate outcome of economic warfare and the continuing clash of nationalistic aspirations. In the development of a true internationalism lies the hope of the world.

Saskatchewan Honey

1939 Production Largest In History Of Province

The production of honey in the Province of Saskatchewan in 1939, was 685,551 pounds and its value \$108,267, the largest output in the history of the province, exceeding that of 1929 by 269,949 pounds and that of 1928 by 262,249 pounds. The honey production for the whole Dominion in 1939 was 21,699,983, so that Saskatchewan's quota was a little over two per cent. Ninety-five thousand and 119 pounds and Alberta's twelve-year sentence. For manslaughter.

Gets Seven Months' Leave Of Absence

Okla. Convict Let Out To Harvest Neighbors' Crops

Jim Crowell has been given a seven months' leave of absence from the Oklahoma State Prison because he owns the only threshing machine in the state. Crowell's neighbors petitioned Acting Governor Robert Burns to grant the leave because, they said, they had to have him to harvest their crops. The prisoner was serving a twelve-year sentence for manslaughter.

Suffered Severe, Painful Cramps In Her Stomach

Those terrible cramps in the stomach that double you up in pain and make you break out in a cold perspiration, may be stopped by a few drops of Dr. Fowler's Extract of Wild Strawberry.

Miss Lloyd Jones, 204 Argyle St., Halifax, N.S., writes: "I have suffered greatly from severe and painful cramps in my stomach. I tried several remedies without result. One day I found almost instant relief in taking Dr. Fowler's Extract of Wild Strawberry. It brought a bottle and got instant relief."

U.S. Land, Sea and Air Forces

Figures Showing Strength Submitted To League By United States

Acting to encourage world-wide preparations for the League of Nations, the United States government has submitted to the league after setting forth in detail the total land, sea and air forces of the United States.

The league has requested similar information from the other powers which will participate.

The United States total land effectiveness as given in the data are 189,957, including 13,040 officers, as compared with a total strength for the army under the national defense act of 1923 of 17,728 officers, 640 warrant officers and 280,000 enlisted men.

The total naval force strength was placed at 390,385, including 10,420 officers and navy, 2,030 officers and 17,560 men of the marine corps. The marines were listed as of "average strength."

Recipes For This Week

(By Betty Barclay)

LEMON MERINGUE PIE

(Makes 1 pie)

- 1 cup sugar.
- 3 tablespoons flour.
- 3 tablespoons cornstarch.
- 1 teaspoon salt.
- 1½ cups boiling water.
- Sift dry ingredients, add water, and cook in double boiler until thick (about 15 minutes). Add:
- ½ cup lemon juice.
- Grated rind 1 lemon.
- 2 egg yolks, beaten slightly.
- Cook 2 minutes longer. Cool and turn into a baked pie shell. Cover with meringue made of:
- 2 egg whites.
- ½ cup sugar.
- 1 teaspoon baking powder.
- Beat egg whites until frothy, add sugar and baking powder and continue beating until stiff. Put in moderate oven (325 degrees Fahrenheit) for 15 minutes to brown.

LISBON EGGS

This combination of soup and eggs makes a dish hearty enough for the main course at luncheon or supper, or may be used as a beginning for an otherwise rather light dinner.

- 2 cups soup stock.
- 1 onion.
- 1 tablespoon vinegar.
- 1 tablespoon sugar.
- 2 tablespoons bacon drippings.
- Eggs.
- Toast.
- Fry the sliced onion in the bacon fat. Add the soup stock, vinegar, and sugar. Cook all together until the onion is soft. Have ready one slice of toast for each person to be served. Poach an egg in the boiling soup for each person. Arrange the toast in soup plates. Place a poached egg on slice. Fill the plates with the soup.

Persian Balm tones and stimulates the skin. Fragrant as a flower. Cool as morning dew. Safeguards and beautifies the most delicately-textured skin. Creates complexions of exquisite charm. Adds a subtle finish to the dimpled woman. Invaluable for softening the hands and making them irresistibly white. Cool and refreshing. Daily fragrant. Delightful to use. Chosen unhesitatingly by all women who care for feminine distinction.

Compulsory Life Insurance

Stating that the United States might well take a leaf out of Russia's book in planning for the future, C. H. Roosevelt, nephew of the late President Theodore Roosevelt, and city controller of Detroit, advocated a system of compulsory unemployment insurance in an address before the International Association of Actuaries and Accounting Officers here recently.

Keep Douglas' Egyptian Liniment handy. A sure, speedy remedy for burns, sprains, rheumatism, blood poisoning, soft corns, warts, scalds, etc. Invaluable for inflammation and muscular rheumatism.

Chinese Returns Home

A large party of Chinese, accompanied by their wives and families, arrived in Vancouver recently over the Canadian National Railway. Members of this party came from the British West Indies and South America and were en route to China.

W. N. U. 1896

British Plane Will

Carry Robot Pilot

When Flies Try For Non-Stop Record To Cape Town

Squadron Leader O. R. Gayford and Flight Lieutenant D. L. G. Bett have been chosen to attempt a world's long-distance record in a new giant monoplane on a non-stop flight to Cape Town or Ceylon.

A Fairley-Napier monoplane being built for the attempt will be ready about the end of July and will be tried out in August, although the attack on the record of 5,020 miles now held by the French armistice, Delemonde Coste and Maurice Bellonte, will not be made until late autumn.

The destination will be determined by weather conditions, although the Ceylon route is regarded as more favorable for the attempt.

The machine will be almost identical with the Fairley-Napier long-range monoplane used for the last long-distance record in a new giant monoplane of fuel will be carried. There will also be a robot pilot in order that the two pilots may be relieved of considerable routine during the flight. The automatic airman will be able to take safe and complete control once the course is set.

Squadron Leader Gayford was a World War pilot and later served in Egypt and India. He also participated in the annual R. A. F. flight between Khartoum and Cape Town in 1928. Flight Lieutenant Bett participated in the annual R. A. F. flight through Africa in 1927.

Believes Asthma All Little Expenses. Thousands of dollars have been vainly spent upon remedies for asthma and seldom, if ever, with any relief. Dr. J. D. Kellogg's Asthma Remedy, despite its assurance of benefit, costs so little that it is within reach of all. It is the national remedy for asthma, far removed from the class of doubtful and experimental preparations. Your dealer can supply you.

Platinum Wire

Can Be Drawn So Thin That 25,000 Miles Of This Wire Would Weigh Only 35 ounces

A platinum wire long enough to girdle the globe at the equator can be drawn from the precious metal in 1800 swiveling rings, according to Cecil S. Sivil, of the research department of Baker and Co., refiners of precious metals. The process whereby this can be accomplished has been described in a paper which he presented before the American Institute of Mining and Metallurgical Engineers.

The extraordinary ductility of properly melted platinum is demonstrated, Mr. Sivil said, by the fact that it can be drawn into wire as fine as 560 millionths of an inch in diameter. Twenty-five thousand miles of this wire would weigh only 35 ounces.

Acid Stomach

Completely Relieved By Famous Vegetable Pills

Mr. Frank C. of Blackburn, writes: "I have suffered long from acid stomach and constipation, but since being advised to try your wonderful Carter's Little Liver Pills I can eat anything." Dr. Carter's Little Liver Pills are an ordinary laxative. They are ALL VEGETABLE and have a definite, valuable tonic action upon the liver. They end Constipation, Indigestion, Biliousness, Headaches, Poor Complexion. All druggists, 25c & 75c red pills.

Co-Operation Best Way Of Doing Business

Views Of British Trade Delegation Corroborated By London Times

"It is clear the best way of doing business with Canada is by co-operating with existing Canadian interests and by pushing especially those lines of goods which are complementary to rather than competitive to Canadian products," declared the London Times in an editorial on Anglo-Canadian trade.

"The Canadian manufacturer can only produce economically goods for which there is sufficient demand in the Dominion, but he is endeavouring to prepare for an increasing population and greater prosperity by extending the range of his production. The British manufacturer can assist him in this and any aspect in return his assistance in marketing in Canada British goods which are complementary to products of Canadian industry."

The editorial was along the same lines as the main recommendations of the trade mission which recently visited Canada on behalf of the Federation of British Industries, and urged that the only proper policy for the British manufacturer was co-operation and not competition with existing Canadian industries; to mutual advantage.

A Prime Dressing For Wounds. -- In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. It is better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

Manitoba Beryllium Deposits. The Industrial Development Board of Manitoba, announces that it is at present in touch with about thirty United States firms in regard to the development of the beryllium deposits in Northern Manitoba.

Consolidation Of Debts Is Suggested As Solution Of Economic Problem In West

Only by reorganization and consolidation of debts will it be possible to remove the menace of fear and discouragement that oppresses the western farmers, merchants and other business interests, said Prof. W. W. Swanson, head of the economics department, University of Saskatchewan, and adviser to Premier R. B. Bennett, when he remarked now was the time to deal with the critical situation which had developed from crop conditions, frozen credits, low prices for farm products, by attacking the debt and credit problem on a comprehensive scale.

Dr. Swanson, who is in communication with the prairie premiers and Premier Bennett, said that the three most urgent problems seeking solution in the west were debt adjustment, unemployment and provision for marketing the coming crop. He outlined a plan for dealing with these questions.

He considered that the debts should be divided into two categories of fixed and floating obligations. The fixed debts, which included mortgages, should be automatically extended without cost to the farmer for a period of three years, during which time steps could be taken to develop a plan for a more permanent settlement.

The second group of debts, oil, gas, accounts at country stores, bank loans and so forth, Dr. Swanson estimated amounted to \$250,000,000 and upward for the 250,000 farmers in the three prairie provinces.

He considered that these should be consolidated and paid by bonds with a substantial reduction in the interest rate. The federal government to pay one-third, the provincial government one-third, and the farmers the balance.

These bonds would have a life of three years, during which time all legal processes against farmers entering the scheme would be prevented.

Pheasants For Manitoba

Efforts Made To Increase Game Resources Of The Province

The Provincial Government is co-operating with the Manitoba Game Protective League in introducing ringneck and Mongolian pheasants into Manitoba. A shipment of 300 eggs is now en route from the Pacific coast and will be distributed to experimental farms within the province. Experiments will be carried on with the two varieties to discover which is better suited to Manitoba climatic conditions.

Last year the Game Protective League distributed 4,000 eggs in small lots among individual farmers and it is estimated that 2,000 birds were hatched from these settings. Efforts to increase the game resources of Manitoba are designed both for the benefit of the resident and of the professional sportsman.

Worked Up Good Business

Out of a job, a young New Yorker got an idea there was money to be made rehabilitating neckties, as Joseph Van Rastie tells the story. He started out by cleaning and pressing ties at 12 for \$1. Trade has become so brisk that he has invested in a delivery car, on the side of which are painted the words "Necktie Ambulance." A big city offers no end of ways of making a living for the man or woman with ingenuity.

"Excuse me, are you the dentist?" "Yes. What do you want?" "I just want to know the time." Karikaturen, Colo.

W. N. H. 1866

Manitoba Live Stock Plan

Looking With Interest To Development Of Large Market In British Isles

Representative Manitoba live stock men unanimously favoured entry into a Canada-wide undertaking to establish a permanent plan for export marketing of live stock and live stock products. The plan involves direct overseas sales to a powerful English co-operative society. The proposal is to be placed before provincial bodies in Manitoba, Saskatchewan, Alberta, Ontario, Quebec and the Maritime Provinces.

It is intimated that the English society is willing to make the Canadian organization its sole representative in Canada if the Canadian body is prepared to make the English organization its sole representative overseas. Farmers of Manitoba and Western Canada are looking with interest to the possibilities of the development of a large live stock market in the British Isles. Recent shipments to that market seem to justify expectations of continued development.

New Agricultural Colony

Group Of Ohio Farmers Settle In British Columbia

Shell Lake, northwest of Prince George, has been selected by a group of Ohio farmers as the site of British Columbia's newest agricultural colony. They have acquired most of the land around the lake and 18 settlers have arrived there to build homes for themselves during the present summer. More will come later. A large community house has been built on the lake shore to accommodate the new arrivals while they are building houses, and the equipment of the colony includes a portable sawmill for making lumber and an electric light plant. The colonists are developing their settlement without assistance from the government. They come from Youngstown, Ohio.

Minerals By Airplane

Radium Ore To Be Transported By Plane From Great Bear Lake

The transportation of mineral products by airplane may seem fantastic, but will actually be adopted in Northern Alberta. The fact that the mineral happens to be radium explains its suitability for air transportation. Plans call for an airplane trip to Great Bear Lake during the present month returning with the first shipment of radium ore, of which it is expected that area will become an important producer.

In a test of the keeping qualities of flowers, those that lasted longest were roses, orchids, lilies, carnations, chrysanthemums, spring daisies, and callulinas.

DONS ENGLISH OUTFIT

Don Jaime, second son of King Alfonso of Spain, seems to be fully resigned to his exile. He is seen above strolling through The Strand, London, England, dressed in unconventional English suit of navy blue with grey flannels.

Canada Can Compete

Able To Hold Own With Russian Growers Or Those Of Any Other Country

Canadian wheat growers will be able to compete with Russian growers or those of any other country, in the opinion of a prominent official of the Canadian Wheat Pool. Europe will continue for generations to be a large importer of wheat and Canada has the greatest net comparative advantages of any country in being the source of supply, according to this official, who has recently made a personal study of conditions in Europe including Russia. He believes that Europe will continue to require large quantities of foreign wheat and that Canada is in a perfect position to supply it.

Sugar Maples In Canada

The natural range of the sugar maple in Canada extends from the Maritime Provinces to the Lake of the Woods in Ontario. In the forest it may reach a height of over 100 feet, but ordinarily does not average more than 75 to 80 feet in height and two to three feet in diameter. It occurs either in pure stands or is found associated with other hardwoods.

Every calling has its compensations. Unhappy are the only men who can put women in their places.

History Of Water Power Development In Canada One Of Remarkable Achievement

More Parking Space

Saskatchewan Providing Recreation Grounds For Tourists and Others

Saskatchewan is providing more parking space, not only for drivers, but for tourists and holiday makers. Manitou Provincial Park, situated along the western shore of Little Manitou Lake, near Watrous, Sask., is now open. This is the first Provincial Park to be created in Saskatchewan under the direction of the Provincial Department of Natural Resources. A similar park is planned at Midge Lake and plans are also made for others to serve different portions of the province.

The Canadian Government park north of Prince Albert, created a few years ago, has been a factor in furnishing helpful recreation for the population and in attracting tourists. It is expected that the new provincial parks will have a similar effect.

Alaska Oat Is Vigorous

Promises To Fill Important Place As Early Variety

Among the early varieties of oats, the Alaska, which has been receiving some considerable attention in recent years, is giving great evidence of vigor and growth under field conditions during the present season. A field of registered Alaska under observation in Elgin County, Ontario, this spring has showed every evidence of rapidity of growth, stooling and general vigor.

The Alaska oat matures at about the same time as the O.A.C. No. 3, and is somewhat stronger in the straw with a good quality of grain. It is one of the registrable varieties under the Canadian Seed Growers' Association and promises to fill an important place as a vigorous strong strawed early oat.

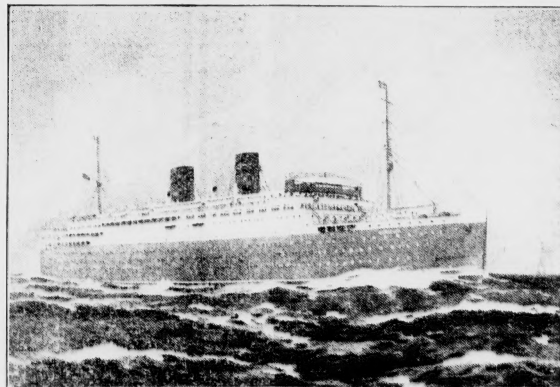

Have Real Grievance

Farm Women Object To Being Told They Have No Occupation

Census declarations which refer to housewives as persons of "no occupation" came in for condemnation at the annual farm women's weekly conference at Saskatoon. It was declared that the wording of the census declaration was a keen injustice to wives. They work on the farms from daylight to dark and now they are described as persons of "no occupation." It was felt women, in many cases, were responsible for keeping farms in operation during the present depression. By the marketing of cream, butter, poultry, and eggs, branches of farming looked after by women, they had added materially in holding their lands and homes.

Another need of the times is a typewriter that will make a non-committal wiggle when you aren't sure about the spelling.

VESSEL PARTLY DESTROYED BY FIRE

Above is a picture of the \$7,000,000 Furness liner Bermuda, which was partly destroyed by fire and sank in Hamilton Harbor, Bermuda, shortly before it was to sail for New York with a big passenger list. The Bermuda is one of the largest motorships in the world. She is 550 feet long, 20,000 tons and has first-class accommodations for 915 passengers.

Each country develops its power-producing facilities along the most economically desirable lines and special facilities for power production constitute a definite national advantage. Canada possesses this advantage in a marked degree by reason of the extent and location of her water power resources which are such that, except for a relatively small proportion, her entire settled territory enjoys hydro-electric service. Not only is this true at the present time but there are sufficient undeveloped sites to assure the advantages of this service in the face of expanding demands and advancing settlement.

While complete information regarding the water power resources of the Dominion is not yet available, the Dominion Water Power and Hydro-metric Bureau of the Department of the Interior has collected and analyzed all the stream flow and power data that can be obtained with the purpose of preparing a reliable estimate of the total resources. This estimate places the total power ordinarily available twenty-four hours per day, and every day in the year, at over twenty million horse-powers with an additional thirteen million available continuously for six months in the year. These figures are based upon an eighty per cent. efficiency of generation. As a matter of fact, power is seldom required continuously at full load and many sites are developed to produce considerably more than their capacity, rated at the continuous or even six months basis, they being able to store the flow at times of light load and draw upon it when the power demand is at its peak. An analysis of existing power installation indicates that the presently known resources would permit of a total turbine installation of approximately forty-four million horse-power.

The history of water power development in Canada is one of remarkable achievement; when the century opened the installation was only 178,000 horse-power, by the end of 1910 it had almost reached one million horse-power, ten years after it was over two and a half million, and at the end of the third decade it was well over six million horse-power.

The provision of this power for the use of the country has, of course, been of incalculable value; in addition, however, the hydro-electric industry has afforded much profitable employment to capital and to labour. It is estimated that a sum approaching \$1,500,000,000 has been invested in the industry. Of this amount, the industry employed \$80,000,000 in 1930 and a further \$200,000,000 will probably be expended in the next few years.

Sleepless Lose Height

Students Claim Loss Of Half Inch After Test

A loss of half a inch in height is claimed to have followed a 100-hour-of-sleeplessness experiment carried out by two University of Georgia students.

Their mental acuteness was decreased by half; concentrated attention was practically impossible; steadiness of nerves and co-ordination of mind and body were impaired. Eyes suffered strain, but sight was not affected. They found it most difficult to remain awake between 11 p.m. and 2 a.m. After two weeks rest, following the experiment, their height was regained.

EXPERIMENTS WITH COUCH GRASS

(Experimental Farms Note)

Couch grass has become firmly established in many parts of the West. Indeed, in certain districts it has taken almost complete possession of some farms and made profitable crop production impossible. At the present time the Dominion Experimental Farm at Brandon is conducting some experiments with the object of finding, if possible, some method or methods which will satisfactorily control this aggressive weed. Through the courtesy of the Caterpillar Tractor Co., International Harvester Co., John Deere Plow Co. and the Massey-Harris Co., who have supplied the majority of the implements used, it has been possible to try out different methods of breaking and cultivating and to study the effect of these methods upon couch grass. The work is being conducted on a piece of land covered with a solid stand of couch. The experiments have been active for too short a period to make final deductions; nevertheless, the results so far obtained indicate certain promising methods.

1. In breaking the sod, the plowing should be deep enough to turn up all the rootstocks. Subsequent cultivations will then bring the rootstocks to the surface where they may be killed by drying.

2. Three plowings during the season, with thorough cultivation between plowings, almost completely eradicated the couch.

3. Of the cultivating implements, those equipped with spring teeth are most effective in bringing the couch grass roots to the surface than those equipped with rigid teeth.

4. The cultivations should be done at short intervals throughout the summer and fall. It is essential that the land be kept black, and this can be accomplished only by frequent cultivations. The earlier cultivations will be four or five days apart, while the later ones may be at intervals of a week to ten days.

5. The common four-horse disc harrow is not a satisfactory implement on couch land. Instead of bringing the rootstocks to the surface it cuts them into short pieces. A great many of these pieces are capable of producing new plants.

G. F. H. Buckley, Dominion Experimental Farm, Brandon, Man.

Ottawa figures released a few days ago showed the retail price index to be now 90.4, or 15.1 per cent below the high point of 106.5, reached in January, 1929. Wholesale prices for the same period (May) dropped to 73, a decline of 26 per cent from the

LOCAL & GENERAL

Mr. Hugh Lee is spending his vacation at Waterton Lakes.

Mr. Dan Geiger left for Calgary on Monday.

Messrs. Bob Geeder and Ernie Fisher left Monday for a vacation in Banff National Park.

Miss Joyce Moyle is spending her vacation at the C.G.I.T. Camp at Sylvan Lake.

Messrs. H. O. Tonjann and J. Boorman paid a visit to Blackfalls on Sunday.

Messrs. J. Guild and J. Wentworth, of Edmonton are visiting with Mr. E. G. Hanton.

Miss Margaret Woodlock, of Rosedale, Alberta is visiting her brother, Mr. E. V. Woodlock.

Mr. and Mrs. C. Bellamy and Mr. and Mrs. Harold Clements drove to Calgary Tuesday to visit friends.

Mr. Milton Ford attended the swimming and boating contests at Gull Lake Saturday.

Mrs. A. B. Franch attended the Farm Women's Week at the Olds Agricultural School this week.

Mr. and Mrs. W. G. Liesemer are spending their vacation at Banff Park.

Now ready—Scratch pads at the Pioneer Office, 2 for 5 cents. Just handy for the telephone, store and school.

Mr. W. A. Austin left Tuesday for a two months trip to Scotland. He sails on the C.P.R. steamship "Montcalm" on August 1st.

English Watches, Grandfather Clocks, and Chimes. Everything Ancient and Modern. Bring it to W. Monteith, North End Jeweller.

Miss Laura Smith left Saturday by motor for a three weeks vacation to Portland and Salem, Oregon and the coast.

A new shipment of ladies silk collared dresses. Also children's dresses from 6 to 14 years. All millinery at reduced prices. Mrs. Wilson's, Main Street.—Advt. (20)

Mr. and Mrs. W. Becking, of Two-water, Ont. and Mr. and Mrs. E. Doepel, of Milverton, Ont. visited at the homes of Messrs. Chas. Brado and C. Trenholm last week.

A General Hospital for sick Watches, Clocks, Phonographs, Sewing Machines, Etc., Etc. In front corner of Club Lunch. All work guaranteed.—Advt.

Mr. and Mrs. J. A. Miller, of Blackfalls were visitors with Mr. and Mrs. J. Boorman Friday last. Betty Boorman and the twins returned with Mr. and Mrs. Miller to Blackfalls for a visit.

Mr. R. T. Rodd, director of fisheries made an inspection trip to the west country last week accompanied by Mr. Geo. Liesemer. Mr. Rodd stated that he would be here in the near future to meet with members of the Fish & Game Association.

Mr. A. Buckler and his housekeeper, together with Mr. and Mrs. David Buckler, of Batterill were campers at Pine Lake for three days last week. They had a very good time and say that Mr. Denney, of Pine Lake Lodge was very kind and has a welcome for all visitors to the lake.

Sylvan Lake is getting more popular every week with Didsbury people as large numbers motor up each week-end. Among last week's visitors were: Mr. and Mrs. Spence; Mr. and Mrs. Hillyard; Mr. and Mrs. Thurlow; Mrs. McCoy; Mr. and Mrs. H. C. Liesemer; Mr. and Mrs. Stamp; Mr. and Mrs. Hugst; Mrs. Saugeard; Messrs. C. Cook, H. Halliday and Russell Borscht. Messrs. J. A. McGhee, W. S. Durrer and R. Kendrick visited their families who are staying there.

September, 1929, peak of 98.5. In both cases 1929 equals 100. The most interesting feature of the retail price index is the decline in rents from 1926 to 1932. The most definitely cheerful fact that can be unearthed in business circles east is the extremely low level of goods in the hands of consumer, distributor and manufacturer.

WARNING.

ANYONE found breaking fences at McMuray's Swimming Hole on the Dog Pound will be prosecuted to the fullest extent of the law.

If fences are found broken after this notice all swimming will be stopped and trespassers prosecuted.

Regina In 1932.

If the World's Grain Exhibition & Conference to be held at Regina in 1932 accomplished nothing further than to stimulate a more general consciousness of the value of pure seed and its worth to Canada in maintaining the export quality of its field products, it will have more than attained its object and will have justified in every way its organization. Participation in Italy in the exhibition has advanced another stage. A national committee has been formed for the purpose of taking charge of Italy's participation and it is expected that the members will personally attend the exhibition. Twenty farmers of the Salmon Arm district in British Columbia are preparing exhibits for the big grain show.

Samples of corn grown on a 45,000 acre farm at Nova Sad, Yugo-Slavia will be on display. The slogan is "Show what you grow and share what you know."

Family Reunion.

A family reunion took place at the home of Mr. and Mrs. Fred Boettger, of Mayton, Alberta on Sunday, July 26th. Their family consisted of twelve children, seven sons and five daughters. One daughter, Annie died about ten years ago. Ten of the remaining eleven children were present, the youngest son, David, of Sundre, Alberta being absent, also eight grandchildren and two great-grandchildren. Two great-grandchildren were present, four generations being represented.

Those present with their families were: Aaron, Daniel, Milton and Samuel Boettger; Mrs. William Eckander and daughter; Mr. and Mrs. Amos Bauman and family and Mr. and Mrs. Ed. Flinn and family, all of Mayton. Mr. Wm. Boettger and family, of Tofield; Mrs. S. Dropp and family, of Okotoks and Mr. and Mrs. E. N. Boettger, of Didsbury. Fifty-one members of the family were present, sixteen being absent.

Lunch was served at noon and the afternoon was spent in singing, etc. Miss Lily Boettger, of Mayton presiding at the organ. Before the families dispersed for their various homes they joined in a large circle outdoors around Mr. and Mrs. Fred Boettger and sang "God Be With You 'Till We Meet Again," which was very touching.

Mr. and Mrs. Boettger are nearing their 77th and 76th year respectively and are quite hale and hearty. This reunion was complete surprise to the parents, only on two former occasions since 1906 have all the family been together "at home." Mr. and Mrs. Boettger settled in the Mayton district in 1906, coming here from Midway, Ontario.

WEDDING:

OWENS—TUGGLE

A very pretty wedding was solemnized at the United Church manse, Innisfail on July 11th when Rena Tuggle and Wilfred Brown Owens, both of Didsbury were united in marriage.

The bride looked very beautiful in a white dress of georgette crepe. The groom's family and Mr. and Mrs. C. C. Binehart were the only witnesses. After the ceremony the happy couple left on the evening train for Sylvan Lake where the honeymoon was spent.

Last week a reception was tendered them by their friends at the home of the groom's father. About eighty guests assembled to do them honor and the couple were recipients of many beautiful and useful gifts.

NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of WILLIAM W. DOLL, late of the City of Marshall in the State of Illinois, U.S.A., deceased.

Notice is hereby given that all persons having claims on the estate of the above named William W. Doll who died on the 15th day of May A.D. 1923 are required to file with Messrs. McLaws, Redman, Loughheed & Cairns, Barristers & Solicitors, 25, Canada Life Building, Calgary, Alberta, solicitors for Alice Doll, the administratrix of the estate of the late William W. Doll, by the 1st day of September, 1931 a full statement duly verified of their claims and any securities held by them and that after that date the administratrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so brought to its notice.

Dated this 15th day of July, 1931.

Music in the Rockies

Music of an exceptionally high order will be provided for guests at the Canadian Pacific Railway's famous Banff Springs Hotel, in the heart of the Canadian Rockies, this summer, by singers from the well known Musical Crusaders organization, under the direction of Alfred Heather, an outstanding feature of the broadcasts of last winter. A light opera company has been organized, which will not only offer a carefully selected program throughout the season, but will broadcast

special themes, such as Music of the Mountains, Music of the Flowers, etc., during the C. P. R.'s Friday evening radio hour of music. During the summer, Gilbert and Sullivan's "H.M.S. Pinafore" and "Trial by Jury," selected scenes from Bizet's "Carmen" and Gounod's "Faust"; and three Canadian ballad operas with music by Dr. Ernest MacMillan, Dr. Haley Willan and R. G. Manson, all of Toronto, will be rendered.

WORLD HAPPENINGS
BRIEFLY TOLD

Canada imported nearly \$16,000,000 worth of American industrial machinery last year.

Show manufacturers of the Netherlands will ask for legislation requiring all foreign-made shoes to be marked with the country of origin.

A miniature flying squadron will invade Ottawa August 28 and 29, when the second annual championship contests of the Model Aircraft League of Canada will be held.

Thirteen thousand pigeons were entered for what was called the world's greatest pigeon race held on Saturday, June 13, 1931, from Amiens, France, to Newcastle, England.

Dr. Hugo Eckener announced that he had definitely abandoned the Graf Zeppelin North Pole flight, in view of the delay encountered by the submarine "Nautilus."

President Hoover has decided to let the silver problem alone until he has disposed of his proposal for a year's moratorium on inter-governmental debts.

Heading for the far north in order to make a 2,000-mile boat trip down the Mackenzie River across to the Yukon, a party of ten orange grovers from southern California arrived at Edmonton recently.

A gold brick valued at \$10,000 was brought to Vancouver from the Pioneer gold mine in the Bridge River district of British Columbia. The brick represented one week's work at the mine.

Four young Swedish architects have triumphed in Soviet Russia, from where they have lately carried home a prize in an international competition for a people's theatre at Charkov.

Prospects for a real crop of fall wheat in Ontario are good, it is indicated in weekly crop reports submitted by agricultural representatives to the Ontario Department of Agriculture.

Decline In Construction

Building Figures In Canada Show Considerable Falling Off

A falling off in building construction in Canada was recorded for May. Building permits issued in 61 cities reporting to the Dominion Bureau of Statistics amounted to \$11,806,000 as against \$15,784,000 in April, and \$20,521,000 in May of last year. The total of the first five months of 1931 was \$49,001,000, the lowest figure in the past decade.

Of the larger cities, Montreal registered a higher total of building permits issued both in April, 1931, and in May, 1930, while in Toronto, Winnipeg and Vancouver there was a decrease in both comparisons. St. Boniface and North Vancouver recorded increases in the value of the building authorized as compared with both the preceding month of the same months of last year.

World's Grain Show

Farmers of the Republic of Estonia will be taking part in the competitive classes of the World's Grain Exhibition and Conference in Regina in 1932. It is officially announced that Estonia's participation will cover competitive classes for wheat, rye, oats, grass seed and flax seed.

Prince Congratulates
Owner Of Racehorse

Sends Message On Winning Of First Alberta Stakes Derby

The Prince of Wales has expressed interested approval of the efforts of Canadian thoroughbred breeders to place the Dominion in the front rank of bloodstock-breeding countries. He has cabled his personal congratulations to the owner and breeder of Lauretta Whittier, winner of the first Alberta Derby Stakes at Chinook Park, Calgary, early in June.

Applied of the result of the Derby, only genuine produce stakes in Canada, by virtue of being patron of the Chinook Jockey Club, where he witnessed races in 1927, the Prince responded with congratulations. The owner of the three-year-old filly is Mrs. E. Eaton of Alton, Alberta, and the breeder is R. James Speers of Winnipeg.

The Alberta Derby Stakes inaugurated marked an unique step in Canadian racing and breeding, and is held by racing men as the opening of a new epoch in the west. Nominations and first subscriptions for the Derby Stakes had to be made two years before the actual running. Announcement of the receipt of the cable from the Prince was made by Prairie Thoroughbred Breeders' and Racing Association.

Modern Eskimo Is
Never Astonished

Civilization Made Commonplace By New Motor Carriage and Radio

Scarcely a ripple of excitement was caused the other day when Eskimos and Indians of the Churchill country saw their first motor truck. Automobile transportation was put into use in the most casual fashion, just as if the far northern port had been accustomed to traffic signs and traffic policemen throughout its checkered career.

Things are like that in the north. The Eskimo is essentially the cosmopolitan. He has witnessed four centuries of contact with the adventurous white man in the north. He does not find the white man's civilization a startling thing. The native of the Arctic makes a competent and courageous guide for the aeroplane pilot. He takes his own power schooner. He looks coolly to the synthetic thrills of his rare visits to civilization. One shouldn't expect the Eskimo to get excited over such a thing as a ten-ton motor truck. He has been reading about those things in his mail order catalogue for years and he has been hearing about them on the radio for a decade or more. —Regina (Evening) Leader-Post.

Soviets Arranging New Term
Have Appointed Committee To Formulate Second Five-Year Plan

The State Planning Commission of the U.S.S.R. has appointed a commission of 50 men, under chairmanship of Valerian Kuishev, chairman of the state planning group and former head of the supreme council of national economy, to formulate a second five-year plan.

The program of the present five-year plan has already been completed in some particulars, although in other respects it has been found that it probably cannot be completed within the prescribed period. It is expected that estimates for achievements over a second five-year period can be made more accurately than in the first instance, on a basis of experience currently acquired.

Beds Of Oyster Shells

Alberta Discovery Will Be Developed Commercially

Oyster shell, great beds of them, have been found on the Oldman River near Hildesheim, Alberta, and will be developed commercially. The oyster shell, according to tests made at the University of Alberta Laboratory, is almost pure lime and will be marketed by a syndicate as fertilizer, poultry feed and lime. The shells are deposits from prehistoric times, vestiges of marine life when this portion of the west was the bed of a great sea.

Manitoba Peat Beds

A request is being made to the Federal Department of Mines by persons interested in the peat industry for a survey of the peat beds in the northeastern part of Manitoba.

M. A. Fletcher, Calgary, Sask., who has been elected Grand Master of the L.O.F. of Saskatchewan for the year 1931-32.

Prairie Mining Industry

Over Five Million Dollars Paid Out In Wages In Manitoba and Saskatchewan

In the course of an article on the growth of manufacturing in Saskatchewan, appearing in "The Hub," Frank A. Behlman, Chairman of the Saskatchewan branch of the Canadian Manufacturers' Association, notes that "The mining industries of Northern Manitoba and Saskatchewan in 1929, spent over \$5,000,000 in wages. Three hundred thousand dollars were spent for groceries, vegetables, meat and other necessities of life; 2½ million dollars for machinery, and over 1½ million dollars for other supplies; in round figures, about \$12,000,000 in 1929."

Imperial Cadet Expedition

Arrangements Completed For Visit Of British Boys To Canada This Year

The committee of the headquarters' conference, representing 151 public schools of the British Isles and 27 schools overseas, has approved arrangements for the Imperial cadet expedition to Canada this summer.

According to word received at Ottawa, Major W. L. King, M.C. (Chesham), will lead the expedition, composed of 25 cadets with Lt. C. Burton-Brown (Bradfield), as second in command.

The team will sail from Southampton on July 29.

The ADVENTURES OF
CAPTAIN JIMMY
and his Dog SCOTTIE

WHAT CAN BEHOLD? After many adventures (telling over him), Captain Jimmy is captured by bandits. He escapes in a freight train and meets an old friend, Lefty Stone on board, seeking a hunter who has also been captured by bandits.

After we had out the freight engine free on the cars, we moved along the tracks at a great rate. Now and then we rushed by little groups of soldiers in the freight train. We would be sent the enemy's headquarters.

"Were getting close on the heels of them," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

"I don't know," I yelled above the racket and shouting our voices as we rushed along. "These fellows are sure to get us!"

Tax Exemption Requested

Exemption of Cream Cheques From Two-Cent Tax Is Urged
Exemption of cream cheques from the two-cent tax has been urged upon the government in a memorandum presented by the National Dairy Council.

The memorandum says that throughout Canada farmers daily receive small cheques amounting to from \$2 to \$4 on delivering cream to creameries.

It is contended the price of the product will be adjusted on account of the stamp tax so that the farmer will eventually be the loser.

Vancouver Exhibition

Splendid progress is being made in the erection of new buildings by the Vancouver Exhibition Association which will run to an expenditure of about \$300,000 and will likely be completed during August.

CHAPTER XXI—Continued.

Almost reluctantly Nick turned to go below, moving with stealth, not wishing to disturb the sleeping occupants of the "Sea Bird." But before he had taken a dozen steps he stopped in surprise. Angela was coming toward him wrapped in a long white cloak, her feet incased in satin slippers that made no sound. She came swiftly forward, and laying a hand upon his arm, said softly: "I couldn't sleep. Take me where no one can hear us, Nick. I want to talk."

For a moment Nick wished intensely that he had turned in earlier. He didn't want confidences from anyone, and Angela's lowered voice and stealthy manner still repelled him. He answered, and hated himself for speaking softly: "This is no time to talk, Angela. It's after midnight, and everyone's asleep."

"Nick, I need you!" Her voice was pleading; her eyes more so; her hand on his arm pressed gently. Nick's pity stirred, even while his heart bade him.

"Won't it keep till tomorrow—what you want to say?"

She dropped her hand from his arm and turned away, a sob shaking her shoulders. That was too much for Nick. Scorning his caution of a moment since, he said, stretching out a hand: "What's the trouble, Angela? Of course I'll let you talk if it will help."

They turned, and going to the stern, sat down together.

"What's troubling you?" Nick asked again.

She raised her head. The moon, creeping from behind the clouds, illumined her sharply, and he saw traces of tears upon her face. What a brute he had been to withhold his sympathy!

"If I can help you, Angela," he began, when she interrupted.

"You can. I of course you saw, Nick, that the Colonel's story did me up? But not for the reason that you thought. I never heard of Painter's Neck before, nor of those awful people; but but I brought back something else. I didn't go into it, but it's given me a nightmare. We're nearing port and I don't know what to do. I want you to tell me."

"Tell you what?"

"Why, you've seen how things are, of course. You know Jim Huldway and I can't get along. What you're to tell me is—shall I stick to him? I promised—but but what do you believe about the permanency of one's marriage vows?"

"The clouds had lifted higher, leaving a path of silver across the sea; but Nick straight to a mountain cabin in old New England. He saw a girl's sweet face upturned to his. He saw himself, a boy then, a boy in the shy of the big moment, a little morose about the future, yet saying with all the ardor and abandon of untold youth: "God's a good enough

witness for me, Gay; and I promise you now that I'll love you . . . and be true to you."

He turned to Angela. She was very beautiful in the moonlight, but he scarcely saw her.

"As for one's marriage vows," he answered gently, "I can only say that to me, they were a promise—and that I keep my word."

Her hand trembled nervously on her knee.

"But," she hesitated, "if you knew absolutely—if you had proof that your wife had been untrue to you—"

Nick might, of course, have felt furiously insulted at this insinuation. What he actually did feel was mirth. The idea was so utterly absurd that he laughed aloud, forgetting for once his sleeping shipmates. Then, realizing that Angela might have been hiding her own tragedy behind the question, he sobered instantly.

"Forgive me, Angela; but what you said sounded so outrageous. You see, you don't know Gay. Still, if you see a serious matter—no, a preposterous question, I'll say that when I find my wife has—well—ceased to care for me, I'll leave her free."

She drew a quick breath; stretched out a hand; withdrew it hastily, and arose. Nick, too, arose, relieved that the midnight interview was over. He didn't like this sort of thing, and felt impatient when Angela lingered at the rail, her cloak slipping from her shoulders as if by accident.

Nick moved a step away. Why had she put that question to him, anyway? Was he an oracle to settle her domestic troubles? He stirred uneasily, but she chose not to take the hint, and stood gazing down into the water that lapped restlessly against the boat. She had not troubled to replace the cloak which seemed, in that dim light, no whiter than the shoulders that rose above it.

"I wish," she said, and her voice trembled, "I wish I had the courage to slip down into those depths and end it all!"

Instantly he was at her side—all sympathy.

"Angela, don't say a thing like that. What has come over you? You were gay as a lark this afternoon, or seemed so, anyway. Come! what you need is sleep. Things will look brighter in the morning. Surely, my friend, there are worse fates than yours. Your husband isn't a brute. You may not love him, but he's not cruel to you."

"You mean, I suppose, that he doesn't beat me? Oh, Nick, there are other cruelties—"

She lifted those innocent eyes—never so innocent before. Nick wondered savagely how anyone could wound her. She looked as helpless as one of his own children. He forgot everything else in his desire to comfort her as he put a hand gently on her shoulder.

"There," he said, as he would have soothed a hurt or weeping child. "There, Angela, you mustn't feel like this. But if it helps to know that I understand, and am care for your happiness—"

"Oh, it does! It does!"

She turned, and, somehow, slipped. Nick's arm went round her, caught her as she fell, and for a moment she lay, a yielding weight, against his breast. The clouds had gathered again now. The night was dark, and the boat stirred uneasily, like some huge monster tugging at its chain.

Nick likewise stirred.

"Angela," he began, but she raised a hand, pressing it against his lips as if to silence him; then, turning, she slipped an arm about his neck and kissed his cheek.

It was a caress so soft, so sweet, so fugitive, that, alone on the deck for a moment later, Nick wondered if he had been a dream. In sheer surprise he sat down flungly, and taking out his handkerchief, wiped at the spot, as if by doing so he could erase the memory. Then, dazedly, he went below.

How had it happened? he asked himself as he tossed restlessly in his narrow berth. It was only to save her from falling that he had caught her in his arms. She couldn't have misunderstood. Perhaps it was merely a kiss of gratitude for his sympathy. Yes (with a sigh of real relief), that was it, a sister's kiss. It would be foolish to suppose she meant it any other way; and yet . . . By George! what was the use of trying to kid himself like this? There was nothing stately about it!

Nick arose, and going to the port hole, looked out, but the stars and moon were no longer visible. As he lay down again, longing for sleep, he

PAINS

No matter how severe, you can always have immediate relief!

Aspirin always stops pain quickly. It does it without any ill effects. Harmless to the heart, harmless to anybody. But it always brings relief. Why suffer?

ASPIRIN

TRADE MARK REG.
Made in Canada

had a vague, uneasy feeling that everything was wrong. What was there in a kiss to excite a fellow so?

What would Gay say when he told her? Then—could he tell her? Would it be fair to Angela?

How soft her lips had felt against his cheek . . . and there was a fragrance about her, too . . . some sort of perfume . . . or was it merely the scent of shrubs from the island?

Of course he should tell Gay. He hadn't had a secret from her in five years. . . . Still, she didn't like Angela, and—well—damned if he'd like her himself if she kept on this way! Did she think him an innocent with no experience—or a scoundrel?

Mighty funny—that story about Painter's Neck . . . and Halliday was an uncommon name, as the Colonel said. . . . He wondered if a storm were on the way. There was something unconformably oppressive in the air.

If a storm came Angela might be seasick and stay below; but, come to think of it, she was a good sailor! . . . Why in thunder did she have to spoil everything?

Perhaps Gay was right. . . . Perhaps.

This was Nick's last conscious thought. He slept heavily. It was the Colonel who woke him, an agitated Colonel in striped pajamas, pounding at Nick with one hand even while he struggled frantically with a pair of flannel trousers and a life preserver.

The boat was careening at such an angle that for a dazed moment Nick thought he was standing on his head.

Then came a crash, and instantly broad awake, he knew that a hurricane was upon them.

(To Be Continued.)

Miller's Worm Powders act mildly and without injury to the child, and there can be no doubt of their deadly effect upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in innumerable cases and have given relief to many children, who, but for the good offices of this compound, would have continued weak and enfeebled.

Japan Has Strong Army

Figures On Nation's Military Strength Submitted To League

The Japanese war office has published figures on the nation's military strength which will be submitted to the League of Nations. The army numbered 231,600 men, including officers, in addition to 2,210 men in the gendarmerie and about 20,000 police in Korea, Formosa and Manchuria.

The aviation branch totaled 625 aeroplanes and eight regiments and organization of two new air regiments was contemplated.

Aching CORNS STOP HURTING

INSTANT RELIEF!

Just a drop or two of Putnam's Corn Extractor, and the pain goes away. Relief is almost instantaneous. Removing corns with "Putnam's" is so easy, so sure, so painless—thousands use this wonderful remedy, and say it is the best. Don't suffer any longer, use Putnam's Corn Extractor, the one sure relief for sore corns. Sold at every drug store, 35c.

PUTNAM'S

European Travel Much Cheaper

Hotel and Railway Rates Are Lowered On the Continent

European travel is going to be much cheaper this summer according to an announcement from the local offices of the Cunard Steamship Co., Limited. Hotel rates will be lower also. With the world proceeding at a reduced pace and money growing in value daily, the men at the heads of European railroads and hotels realize that the only way of winning the Canadian dollar is by holding out more than a dollar's worth in order to attract it. Consequently, there have been reduced rates for tours in Great Britain and deep cuts in railway and hotel rates throughout the continent. It will be much cheaper to travel this season, the reductions ranging from fifteen to forty per cent. In France it will be possible to ride around daily for two weeks for the sum of \$50.45.

The Norwegian Railways have announced a reduction in fares varying from fifteen to thirty per cent. This condition will last all summer.

The French railways are issuing a coupon for \$100 which enables the holder to purchase a railroad pass good for two weeks at \$66.70 for first class and \$50.45 for second class accommodations. This pass will permit the holder to use the French rails at any time within the two weeks specified there being no restriction as to its use. For families there are greater reductions, the cuts reaching from twenty to forty per cent.

On group business Germany is granting twenty-five per cent. reduction for fifteen to fifty passengers and an additional reduction for larger groups.

Many of the hotels will maintain their low winter schedules during the summer.

THE RHYMING OPTIMIST

By Aline Michaelis

PRESSED SEA-WEED

Between the yellowed pages of a book

A bit of sea-weed met my hand to-day.

And it had gained in that closed place a look

All added to its home of wave and spray.

What once was rosy-red now gray and dim,

What once was lithe with life now stiff and stark.

What once might drift from ocean rim to rim

Shut closely here in an unending dark!

Old time and change, like pages, sometimes close

Upon the infrequence of a heart.

Turning drab-hued what had been glowing rose

White slowly with essences depart.

Yet even in pressed sea-weed one divine

The lift of foam and ocean's flowing lines!

Many mothers have reason to bless Mother Graves' Wren Extremator, because it has relieved the little ones of suffering and made them healthy.

Too Many Complexes

Broad-Minded International Ideal Needed To Save Civilization

There are too many complexes in the civilization of today, according to Dr. George M. Weir, of the University of British Columbia, Vancouver.

"We are developing too much second-hand thinking, crowd thinking," he declared, addressing a Toronto service club. "Our civilization appeals to sickly low romances, and if you don't believe it, go to some of the tallies and movies in your neighborhood."

A broad international ideal would be the best thing to save civilization, he said.

Tummy Mothers is awful.

His Father: Why, Tummy?

Tummy: If my ears is dirty, mother washes 'em and if my ears is clean she whips me for goin' swimmin'!"

A library of more than 3,000 manuscripts has been unearthed by Dr. Sven Hedin's expedition at ruins in the Gobi Desert.

How To Lose Fat and Get That Youthful Feeling

Once in Great Britain when a man is feeling "as fit as a fiddle" and looking the "picture of health" they say:

"HES GOT THAT KRUSCHEN FEELING."

That means he takes his little dose of Kruschen Salts every morning.

It's the same in the U.S.A. in Germany—in Ireland—in Austria—in South Africa, for Kruschen Salts are now sold the world over.

Kruschen Salts is not one salt only—it is the combination of six salts necessary to healthy life.

Take half a teaspoon in a glass of hot water before breakfast every morning, modify your diet and exercise regularly.

But don't miss a morning for Kruschen not only puts and keeps the stomach, liver, kidneys and bowels in a splendid healthy condition, but purifies your blood-stream, and sends new life and activity to every part of your body.

Little Helps For This Week

"I will guide thee with Mine eye"—Psalm xciii. 8.

Of his high attributes beyond the most.

I thank my God for that Omnipotent eye.

Beneath whose blaze no secret thing can lie.

In His infinitude of being, lost, I bless my God I am not wrecked and tossed.

Upon a sea of doubt, with power to fly

And hide, somewhere, in immensity. One single sin out of His reckoning crossed.

For even there, self-conscious of its frailty—

Might spring the terror—"If He knew the whole.

And tracked the skulking guilt out of its goal.

He could not pardon?" But, or great, or small

He knows the inmost foldings of my soul.

And knowing utterly, forgives me all!—Margaret J. Preston.

His eye is upon our ways, upon our souls; and we may look into that eye. We know, or may know, on what that eye rests with pleasure, on what it rests with pity, on what it rests with condemnation, and we can, if we will, always do the things that please Him; and can make His good pleasure our constant motive, our rule of duty, our reason of doing and not doing. We can shape ourselves under the eye of God as He would have us.—Andrew P. Peabody.

Expect Record Exports

With the sailing of 15 ships, crammed with butter, cheese, wool and other New Zealand products, from Wellington, it was predicted that the present export season would break the record for the country. Three vessels carried a total of 26,000 bales of wool, 800 bales of sheep skins, 50,000 boxes of butter and 28,000 crates of cheese, as well as other cargo. One ship carried the largest wool cargo in a single vessel for many years.

"Brought Back My Strength"

"Lydia E. Pinkham's Vegetable Compound helped me to regain my strength. I was all run-down and very nervous and weak. Now I am able to work without that dragging, tired feeling. I first took the Vegetable Compound through the advice of a friend. I cannot praise too highly and I hope my testimony will induce others to take it."—Mrs. William Oudette, 70 Elm St., Berlin, New Hampshire.

Excludes first and business class of expedited Low Cost Holidays.

Melvin Notes.

Miss Florence O'Brien is sporting a roadster these days.

Mr. and Mrs. Hughes, of Carstairs, spent Sunday at the home of Mr. and Mrs. P. Johnston.

Mr. Wyman and Miss Florence O'Brien are visiting at Trochu this week.

Mr. and Mrs. Shoults and family spent Sunday at Mr. P. Johnston's.

Miss Marion Leeson, of Calgary, spent the week-end at her home here.

Mrs. Lloyd Chandler spent a few days last week with Mrs. Esler.

Mr. and Mrs. Emil Krebs were Sunday dinner guests at the home of Mrs. Krebs parents, Mr. and Mrs. Kershaw.

Miss Mary White and Ethel Krebs, Lesley Oliver and Eddie Krebs, spent Sunday at Fine Lake.

A ball game was played on Friday night at Rugby between Elkton and Melvin, the score being 3-1 in favor of Elkton.

A number from this district attended the barn dance at Norman Clarke's and report a good time.

The Go-Getters picnic was a great success, there being a good crowd and the weather man being favorable. Five softball teams entered, Westcott, Clovermount, Sheiks, Clovermount (Bachelors), Rosebush and Melvin Go-Getters, the final being 5-10 in favor of Rosebush. The Country Clowns played the Go-Getter Junior Boys, the score being 7-10 in favor of the boys. The white whoopee pants donated by Mr. Ranton for the winner of the young ladies foot race were won by Miss Beatrice Landeen. The dance at night was well attended, everyone having a good time.

Mountain View Notes

Mr. and Mrs. Hugh Roberts and Mr. and Mrs. Ed. Blain were visitors at the Lake during the week-end.

Airplanes were observed flying over the district Monday evening and our curiosity was aroused as to what they meant.

In travelling over a recently graded road, a resident was heard to remark: "What a fine road and to think it was only plowed up recently." Evidently we have some expert roadbuilders in our district.

Sunday School and Church service were held in Community Hall Sunday evening, July 26th. Mr. C. Warren is in charge of the services during the summer months and gives very able addresses.

Gardens and crops look very luxuriant out this way. Mr. Farmer, however, notices weeds galore and is it any wonder after the windstorms this spring. One farmer was seen in town buying a good strong hoe, which meant business in the garden patch.

Lutherans Celebrate Annual Mission Festival

The local Evangelical Lutheran Churches of Westcott and Didsbury celebrate their annual mission festival Sunday, August 2nd. It will be celebrated on the property of Mr. J. Bule, just one mile south of the Lutheran Church at Westcott. The German service commences 10:30 a.m. and the English service at 2 p.m. Rev. W. W. Eifert, of Trochu will conduct both services. Everybody is heartily welcome.

On Friday, July 31st, Professor Scheidegger, of Edmonton Lutheran College will lecture and show lantern slides of the Lutheran Canadian Church, Edmonton at the St. John Evangelical-Lutheran Church, Didsbury.

Premier Laundry Girls Beat the Clowns 23--12

The largest crowd seen at the local ball diamond in recent years saw the Calgary Premier Laundry Girls softball team trim Didsbury Country Clowns 23--12 Saturday evening last.

The local girls held their own for four innings, but in the fifth after putting three out were compelled to retire a fourth due to the umpire missing a play. The Clowns went to pieces, allowed Calgary five more runs in that inning and never got into their real stride again.

The Clowns conceded their rights and played under Calgary rules which they were not familiar and in consequence the visitors got the breaks both ways. Local fans believe the Clowns capable of a better showing against the same opposition and would like to see a return game played.

Clowns: Ella Burtz, c; Lottie Hunsperger, 1b; Emma Befus, cf; Greta Folkman, p; Alma Folkman, ss; Allen St. Clair, 2b; Holly Hunsperger, 3b; Jessie Munro, lf; Nina Wilson, rf.

Calgary: Smith, c; P. Luft, 1b; A. Ober, rf; M. Carlson, p; J. Bueckel, ss; L. Luft, 2b; S. Pitt, 3b; M. McCaul, cf; E. Schreiber, lf.

Expects 150 Bushels To The Acre

According to the Edmonton Bulletin, J. Matheson, Edmonton, an old-timer has a field of oats within the city limits from which he expects to harvest a record crop.

There are twenty acres in the field and there is a uniform sameness of luxuriant growth throughout the whole, the average height may be a little less than six feet and the stems are like bamboo stalks. If present conditions remain, the stalks are going to grow a lot more as the heads are just through the blades.

Measuring an ear that had just come through, its length was found to be 12 3/4 inches and the majority of the ears are longer. The seed from which the oats had been grown, when matured had ears 17 inches long.

The variety itself is New Era, the field is now breaking, plowed last year and sown on May 7th of this year.

Mr. Matheson sowed 11-2 bushels to the acre and expects to reap 150 bushels to the acre. The grower from whom the seed was purchased sowed 1 bushel to the acre and harvested 138 bushels.

Mr. Matheson has already taken preliminary steps for making an entry in the international show at Regina and if the oats are successfully harvested it is assured that samples will find their way to the big show.

Cards of Thanks

Mr. J. A. Adam and family wish to thank all friends and neighbors for their assistance and kindness during the illness of their late mother, and for the beautiful floral tributes and expressions of sympathy in their bereavement.

Mr. and Mrs. J. McDougall wish to thank the nursing staff of the Didsbury Hospital and the many friends who were so kind to Mrs. McDougall during her recent illness.

NOTICE

At the last session of the Legislature, the Noxious Weeds Act was amended in respect to the destruction of weed on the road allowances and now reads in part as follows:

"Every owner or occupant in a municipal district shall destroy all noxious weeds and weed seeds on the line between the boundaries of his land and the centre line of all contiguous roads and road allowances."

Owners and occupants are requested to govern themselves accordingly. A. BRUSSE, Secretary-Treasurer, Municipal District of Mountain View No. 310
